

REGULATION FOR THE CONCESSION OF UNGUARDED AREA GENERAL CONTRACT CONDITIONS PURSUANT TO ART. 1341 OF THE CIVIL CODE – “P2” PARKING

The service is offered to the public pursuant to art. 1336 of the civil code under the following conditions:

DEFINITIONS

For the purposes of these Regulations for the concession of unguarded areas, the following expressions, both in the singular and plural, shall have the meaning indicated below:

- a) “Supplier”: SDAG S.p.a. with a single shareholder, the concessionaire of the rest areas of Autoporto di Gorizia and Stazione Confinaria di S.Andrea, Gorizia;
- b) “User”: The purchaser who directly uses the service offered by the Supplier;

ART. 1. Parking is permitted in the parking areas according to the rules dictated by the following general contract conditions pursuant to arts. 1336 and 1341 of the civil code.

By introducing the vehicle and collecting the entry ticket (containing the date and time of issue), a contract for the concession of an unattended area is activated between the User and the Supplier, without the obligation of surveillance and custody. The Supplier is therefore not responsible for damage and theft committed or attempted to the vehicles or accessories thereof or to luggage, valuables and other objects left inside the vehicle.

ART. 2. Entry to the car park takes place from the access gate that leads to the parking areas delimited by barriers, alternatively according to the following methods: a) Collecting the entry ticket from the column positioned there; b) Using the card-in system; c) reading the license plate (in the event that the User has previously stipulated a contract with the Supplier)

Any consequences deriving from the loss of the same are the responsibility of the User in accordance with the provisions of art. 8. Entry entails authorization to park according to the rates displayed at the access gate to the individual parking areas. The User is advised not to leave the ticket inside the vehicle exposed to light and/or heat sources.

ART. 3. Users are required to:

- Strictly comply with road signs and the Highway Code;
- Follow the direction of traffic indicated by the signs and maintain a speed no higher than walking pace;
- Leave the vehicle parked with the engine off and braked perfectly;
- Keep the ticket until the vehicle is collected and the parking areas are exited.

If failure to comply with these duties results in damage to third parties, the User will still be responsible for such damage.

ART. 4. Users are prohibited from:

- Parking unnecessarily with the engine running;
- Obstructing traffic by parking along the traffic lanes and in any other space outside the parking areas delimited by barriers;
- Carrying out any fuel transfer;
- Spill oil or other material that may dirty and/or damage the pavement or drains; in the event of damage to the pavement, the repair costs will be charged to the User;
- Leave the vehicle parked for more than 15 days, unless previously notified and authorised by the Supplier;
- Unhook and/or park trailers;
- Access the parking area with cars unless authorised by the Supplier.

ART. 5. Payment must be made at the appropriate cash desks before collecting the vehicle, or by prior agreement with the Supplier. In the event of unavailability of the automatic cash desks or upon instructions from the Supplier's staff, payment must be made at the manned cash desk "INFOPOINT".

Payment for parking at the automatic cash desks can be made in cash, credit card or debit card.

ART. 6. The vehicle must exit within 20 minutes of payment. After the above-mentioned grace periods, the User will be required to present the payment ticket again and make a new payment according to the rate applied starting from the expiry of the previous one.

ART. 7. Failure to pay authorizes the Supplier to not allow the vehicle to exit. The User who shows up at the cash desk without the entry ticket is required to provide documents certifying the actual ownership of the vehicle and any other document that may be useful to demonstrate the duration of the stay. In the event of failure to produce even partial documents, the User will be required to pay the sum corresponding to a continuous stay of 7 days.

ART. 8. By parking the vehicle, the User acknowledges having read and accepted, also pursuant to art. 1341 of the Civil Code, all the rules contained in this regulation, undertaking to respect them scrupulously.
